

# Running Injuries Workshop

April 22, 2017  
BC Place Stadium

CASEM

ACMSE

The Canadian Academy of Sport & Exercise Medicine (CASEM) is bringing back the popular Timely Topics Running Injuries one-day workshop.

This one day clinical workshop will cover all aspects of Running Injuries including sessions on:

- Patello Femoral Pain
- Biomechanics and Running Injury
- New Management of Plantar Fasciitis
- Gender Difference in Running Injuries and Prevention
- Injury Prevention
- Barefoot Running

This course, led by Dr. Jack Taunton, will bring together a multi-disciplinary faculty of experts to address those running related clinical issues seen by the sport medicine physician.

The course will be held Sat April 22, 2017 at BC Place Stadium (preceding the Vancouver Sun Run) and run from 8:00am to 4:30pm, includes breakfast, lunch and breaks.

This Group Learning program has been certified by the College of Family Physicians of Canada for up to 6.25 Mainpro+ credits.
